PROFILE

- **Full Stack Java Developer** with 3 years of experience designing and building scalable, high-performance Micro Services applications using Java 8+, Spring Boot, with strong problem-solving abilities and a passion for building efficient systems.
- Hands-on across the complete SDLC, including requirement analysis, debugging, unit and integration testing, and production monitoring in Agile environments.

PROGRAMMING SKILLS

Backend Technologies:

- Java 8+, Spring Boot, Microservices, REST APIs, JPA, Hibernate, Multithreading

Containerization & Deployment:

- Docker, Kubernetes

DevOps & Tools:

- Git, GitHub, Bitbucket, SonarQube, Maven, Gradle, Jenkins, GitHub Actions, CI/CD pipelines
- Postman, Prompt Engineering, GitHub Copilot (AI-assisted coding)

Testing & Quality:

- JUnit, Mockito, Unit testing frameworks, Debugging tools

Security:

- Spring Security, JWT, OAuth2, API authentication mechanisms

Monitoring & Cloud:

- Datadog, Cycode, WIZ
- Cloud platforms: Azure, GCP (exposure)
- Logging frameworks: Apache Log4j2, SLF4J

PROFESSIONAL EXPERIENCE

Software Engineer, NielsenIQ

07/2023 – 04/2026 | Chennai, India

- Worked as a Full Stack Java Developer, primarily focusing on Spring Boot and MySQL.
- Developed and enhanced backend features for **Business Intelligence (BI) Services** using **Spring Boot**, ensuring seamless integration between service layers.
- Led the migration of legacy BI Services into two microservices (**BI Pivoting Services – BIPS** and **BI QueryGen Services – BIQS**), achieving **35% cost optimization** and reducing technical debt while enabling major product features.
- Implemented the **Suppressing Dupe Dots** in BI Services to eliminate duplicate data points, reducing unnecessary cloud resource usage and further optimizing operational costs by **28%**.
- Optimized logging to reduce excessive log generation, significantly lowering Datadog costs.
- Contributed to **Reporting Services**, enabling dynamic UI rendering of BI packages into charts, tables, and templates.
- Enhanced **Metadata Change Management (MCM)** process for the Discover application:
 - Optimized execution capacity from **20,000 to 1 million metadata points per run**, significantly improving scalability.
 - Automated end-to-end workflows to eliminate manual operations and reduce costs.

Software Engineer Intern, NielsenIQ

02/2023 – 05/2023 | Chennai, India

- Built and optimized **RESTful APIs** using **Java, Spring Boot, Hibernate, and MySQL** for scalable backend solutions.
- Improved product security by working on **DevSecOps**, raising the **Product Security Scorecard from Level F to Level C**.
- Implemented **role-based authentication** and optimized database queries for performance.
- Achieved valuable experience while working with flows, demonstrating both rapid learning aptitude and dedication, resulting in successful contribution for development in complex projects.

PROJECTS

Job Portal Application (Spring Boot + JavaScript)

- Built a full-stack job portal for job seekers and recruiters with a dynamic frontend using HTML, CSS, and JavaScript for job search and recruiter dashboards.
- Developed backend services using Spring Boot with REST APIs and SQL/Hibernate for authentication, job postings, applications, and efficient data management.

Automatic Interest Calculator (Web + Google Sheets Integration)

- Developed a web-based interest calculator using HTML, CSS, and JavaScript, capturing user inputs and integrating with Google Sheets via Apps Script for seamless data transfer.
- Automated interest calculations using predefined formulas in Google Sheets, delivering real-time results through a responsive UI while reducing manual effort and improving accuracy.

App: https://rammohan-23.github.io/Excel_Interest/

CERTIFICATIONS

- Spring Boot 3, Spring 6 & Hibernate by Chad Darby – Udemy
- GitHub Actions - GH-200
- SnowPro: Associate Platform training certification
- HTML, CSS, and JavaScript for Web Developers by Johns Hopkins University

EDUCATION

Bachelor of Technology, Amrita Vishwa Vidyapeetham

2019 – 2023 | Amritapuri, Kerala

- Graduated with a **CGPA of 8.83**
